PART ONE: Introduction

1.1 Title

- 1.1.1 This Bylaw is titled the Town of Inuvik Zoning Bylaw and is referenced as “Zoning Bylaw” in the text herein.

1.2 Purpose

- 1.2.1 The purpose of this Bylaw is to facilitate development within the Town of Inuvik in accordance with the Community Plan by regulating the development and use of land.

1.3 Components of Bylaw

- 1.3.1 The Zoning Bylaw includes:
- a. Schedule A, the Bylaw text;
 - b. Schedule B, Planning & Zoning Bylaw Maps; and,
 - c. Schedule C, Development Permit Application Forms.

1.4 Applicability

- 1.4.1 This Bylaw shall apply to all lands contained within the Town municipal boundary.
- 1.4.2 Development applications received and development permits issued before the date this Bylaw came into effect shall be processed in accordance with the Town of Inuvik Zoning Bylaw 2583/P+D/15.
- 1.4.3 Subdivision applications received and approved before the date this Bylaw came into effect shall be processed in accordance with the Town of Inuvik Zoning Bylaw 2583/P+D/15
- 1.4.4 The Town recognizes the legal authority of the Gwich'in Comprehensive Land Claim Agreement and the Inuvialuit Comprehensive Land Claim Agreement. As such, the Bylaw shall not infringe on Aboriginal or treaty rights of the Aboriginal peoples of Canada under section 35 of the *Constitution Act 1982*.

1.5 Effective Date

- 1.5.1 This Bylaw comes into effect upon approval by Council.

1.6 Repeal

- 1.6.1 The Town of Inuvik Zoning Bylaw 2583/P+D/15 as amended is hereby repealed.

1.7 Establishment of Zones

- 1.7.1 The Zoning Maps are found in Schedule B of this Bylaw and form part of this Bylaw.

- 1.7.2 For the purposes of this Bylaw, the following zones are hereby established:

- a) R1 Low Density Residential
- b) R2 Medium Density Residential
- c) CR Country Residential
- d) DT Downtown Core
- e) HC Highway Commercial
- f) CU Community Use
- g) I Industrial
- h) PO Parks and Open Space
- i) H Hinterland
- j) A Aerodrome

- 1.7.3 Where uncertainty arises as to the precise location of the boundary of any zone, the following rules shall apply:

- a. A boundary which follows a street, right-of-way, lane, or stream shall be deemed to follow the centerline thereof;
- b. A boundary which approximately follows a Lot Line shall be deemed to follow the lot line;
- c. A boundary which approximately follows the municipal boundary shall be deemed to follow the municipal boundary;
- d. A boundary which approximately follows the shoreline of a creek, stream, or channel shall be deemed to follow the shoreline and moves with any change in such shoreline; and
- e. In circumstance not covered in **Subsection 1.7.3**, the location of the zone boundary shall be determined:
 - i. by the dimensions set out on the Schedule B - Zoning Map; or,
 - ii. by the measurement of and use of the scale shown on the Zoning Map.

1.8 Compliance with other legislation

- 1.8.1 A person applying for, or in possession of a valid development permit, is not relieved from the full responsibility for ascertaining, complying with or carrying out development in accordance with the:
- a. *Government of the Northwest Territories Community Planning and Development Act*;
 - b. Most recent revision of the National Building Code of Canada;
 - c. Most recent revision of the National Fire Code of Canada;
 - d. Inuvik Airport Zoning Regulations (*Aeronautics Act*);
 - e. Conditions of any caveat, covenant, easement, or other instrument affecting a building or land;
 - f. Ongoing maintenance and upkeep of developments as regulated by the:
 - i. Town of Inuvik 'Unightly Land/Premises Bylaw'; and,
 - ii. National Fire Code of Canada.
 - g. Requirements of any other relevant federal, territorial, or municipal legislation.

1.9 Interpretation

- 1.9.1 For the purpose of this Bylaw:
- a. "shall", "will" and "must" require mandatory compliance except where a variance has been granted pursuant to this Bylaw.
 - b. "should" is not mandatory but is expected to be followed, but allows for alternative actions to be taken, or if the action is unreasonable or unable to be followed.
 - c. "may" is interpreted as optional.
 - d. Where a regulation involves two or more conditions, connected by a conjunction, the following shall apply:
 - i. "and" means all the connected items shall apply in combination; and,
 - ii. "or" means that the connected items may apply singly or in combination.
 - e. Words, phrases, and terms not defined in this Bylaw may be given their definition in the *Government of the Northwest Territories Community Planning and Development Act*, or the National Building Code of Canada.
 - f. Other words shall be given their usual and customary meaning.

- 1.9.2 Words used in the singular shall also mean the plural and vice versa.
- 1.9.3 When in perceived conflict, written regulations take precedence over any diagram or map.
- 1.9.4 The standard measurement used within this Bylaw is metric. Any reference to imperial measurement is approximate and for convenience only. In the case of any discrepancy between the metric and imperial measurement, the metric measurement shall prevail.

1.10 Severability

- 1.10.1 If any section, sentence, clause, or phrase of this Bylaw is, for any reason, held to be invalid by the decision of any court or competent jurisdiction, such decision shall not affect the validity of the remaining portion of this Bylaw.

 - fails to comply with any decision of the Development Appeal Board;
- in accordance with this Bylaw is guilty of an offence and is liable on summary conviction to a fine.
- 3.3.2 Each day of violation shall constitute a separate offence.

3.4 Violation Tickets

- 3.4.1 A Development Officer who determines that a development, or a use of land or of a building, contravenes the regulations of the Zoning Bylaw or a development permit, may issue a written order to the owner of the land or building where the development or use is located, or to the person alleged to be responsible for the contravention.
- 3.4.2 Written orders shall:
- specify the contravention;
 - direct the person to whom the order is issued to do one or more of the following:
 - stop the development in whole or in part as specified in the order,
 - alter the development,
 - demolish, remove, or replace the development,
 - restore the land or building to the condition it was in immediately before the undertaking of the development,
 - stop the use of the land or building in whole or in part as specified in the order, or,
 - take any other actions required by the order so that the development, the use of land, or the use of the building conforms with this *Act*, the regulations, a zoning bylaw, or a development permit.
 - identify a time in which direction must be complied with; and,
 - advise of the right of appeal.
- 3.4.3 The Development Officer or Council may require security in the form of a letter of credit, performance bond, or certified cheque to ensure the development is conducted and completed in compliance with any requirement of a development permit or development agreement.

3.5 Penalties

- 3.5.1 A person who contravenes this Bylaw and is liable on summary conviction:
- a. in the case of a corporation to a fine not exceeding \$100,000 and to a further fine not exceeding \$5,000 each day or part of a day during which the offence continues; and,
 - b. in the case of an individual:
 - i. to a fine not exceeding \$5,000 and, in addition, to a fine not exceeding \$1,000 for every day the offence continues, or,
 - ii. to imprisonment for a term not exceeding six months in default of payment of the fine;

In accordance with the *Act*.

PART FOUR: Bylaw Amendment

4.1 General Regulations Regarding Bylaw Amendments

- 4.1.1 Proposed amendments to this Bylaw shall be processed in accordance with the *Act*.
- 4.1.2 Council may initiate an amendment to the Bylaw.
- 4.1.3 Administration may, at any time, present a request for Bylaw amendment to Council.
- 4.1.4 Any person may apply to have the Zoning Bylaw amended.
- 4.1.5 Any person applying to amend any part of this Bylaw shall apply in writing Town.
- 4.1.6 All applications for a Bylaw amendment shall be accompanied by:
 - a. a complete application form;
 - b. a signed statement by the applicant assuming responsibility for all costs incurred by the Town in processing the proposed amendment, whether it be enacted or not, including, but not limited to, all mapping, printing, reproduction, surveys, planning consultants reports and advertising costs;
 - c. a written statement describing the:
 - i. reasons for the application;
 - ii. How the amendment aligns with approved statutory plans, non-statutory plans, and Council policies; and,
 - iii. How the amendment aligns with statutory plans, non-statutory plans, and Council policies under preparation.
 - d. An application fee as established by the Town.
- 4.1.7 The Development Authority may request additional information to evaluate the Bylaw amendment, including but not limited to:
 - a. a recent copy of the Certificate of Title (within 30 days of the application submission date) indicating ownership and other interests;
 - b. current copies (within 30 days of the application submission date) of any restrictive covenants, caveats, or easements;
 - c. a site plan of the proposed development;
 - d. an engagement summary describing any public consultation; or,
 - e. reports, drawings, plans, or technical studies required by the Development Authority to consider the application.

- 4.1.8 Where the Development Authority requires any technical study or assessment, all submitted documents are to be prepared by a qualified registered professional in their respective fields. All submitted documents shall include certification by the professional who prepared the document.
- 4.1.9 An application for a Bylaw amendment which has been rejected by Council within the previous 365 days shall not be accepted by the Town unless directed by Council through resolution.

4.2 Reviewing Bylaw Amendments

- 4.2.1 Upon receipt of an application for a Bylaw amendment, the Development Officer shall initiate or undertake an investigation and analysis of the potential impacts of amendment. The analysis shall, among other things, consider the following impact criteria:
 - a. relationship to and compliance with the Community Plan;
 - b. relationship to and compliance with authorized plans and schemes in preparation;
 - c. compatibility with surrounding development in terms of land use function and scale of development;
 - d. traffic impacts;
 - e. relationship to, or potential impacts upon, services such as water and sewage systems, and other utilities and public facilities such as recreational facilities and schools;
 - f. relationship to municipal land, right of way, or easement requirements;
 - g. effect on the site's structural stability;
 - h. necessity and appropriateness of the proposed amendment in view of the stated intentions of the applicant; and,
 - i. documented concerns and opinions of area residents regarding the application.
- 4.2.2 Bylaw amendments for the rezoning of one or more parcels shall be analyzed based upon the full development potential of the uses and development regulations specified in the proposed zone, and not on the merits of any particular development proposal.

4.3 Amendment Process

- 4.3.1 In reviewing and processing Bylaw amendment applications, the Development Officer shall:
 - a. examine the proposed amendment;
 - b. prepare a written report on the proposed amendment; and,

- c. advise the applicant in writing that the Development Officer:
 - i. is prepared to recommend the amendment to the Council without further investigation;
 - ii. is not prepared to recommend the amendment;
 - iii. requires further investigation to make a recommendation; or,
 - iv. is prepared to recommend an alternative amendment.
- 4.3.2 Upon receiving the direction of the Development Officer, the applicant shall advise the Development Officer if the applicant:
 - a. wishes the proposed amendment to proceed to Council, or,
 - b. does not wish to proceed to Council with the proposed amendment.
- 4.3.3 Where an applicant does not proceed to Council, the application is considered abandoned.
- 4.3.4 Where an applicant directs the Development Officer to proceed to Council, the Town may require the applicant pay advertising costs, and any other costs incurred by the Town prior to the amendment proceeding to Council.
- 4.3.5 Following receipt of any outstanding costs, the Development Officer shall submit the proposed amendment to Council for consideration including:
 - a. the proposed amendment;
 - b. a recommendation on the proposed amendment; and,
 - c. results of the Development Officer's analysis of the Bylaw amendment; and any other relevant material.
- 4.3.6 In the case of Bylaw amendments initiated by Council, the Development Officer must consider the proposed amendment and submit the items described in **Subsection 4.3.1** for Council consideration.
- 4.3.7 Council shall review applications for Bylaw amendment in accordance with the *Act*.
- 4.3.8 Notwithstanding any other provision of this Bylaw, in accordance with the *Act*, a public hearing is not required if the amendments are limited to the correction of errors and do not affect the substance of the Bylaw.

4.4 Notification of Bylaw Amendment

- 4.4.1 After giving a proposed Bylaw amendment first reading, and before giving it second reading, the Town shall, as per the *Act*, advertise a public hearing:
 - a. in two separate issues of the local newspaper, describing the pending amendment; and,

- b. dispatch a notice by ordinary mail to:
 - i. the applicant;
 - ii. the owners of the land subject to the proposed rezoning amendment; and,
 - iii. adjacent property owners.

4.4.2 The notice shall state:

- a. the purpose for the amendment;
- b. the place or places (one of which shall be the office of the municipality), where a copy of the proposed Bylaw amendment may be inspected by the public during office hours; and,
- c. the time and place at which Council will hold a public hearing on the amendment.

4.4.3 For standard duty of care, such notices shall normally also be placed on social media and paper copies fastened to the bulletin boards at the Post Office and Town Hall.

PART FIVE: Development Process

5.1 Control of Development

- 5.1.1 No development shall be undertaken within the municipality unless an application has been approved and a development permit has been issued.
- 5.1.2 Nothing in this Bylaw, development permit approval, or other approval issued under this Bylaw or under the *Act*, shall be construed as authorization for the carrying out of any activity that is regulated through other Municipal Bylaws, or Territorial or Federal legislation.
- 5.1.3 Excluding developments specifically exempted in **Subsection 5.1.2**, no development shall be undertaken, nor occupancy granted, use commenced, structure moved, or building erected or demolished without the necessary permits having been obtained pursuant to this Bylaw.

5.2 Development Permit Exemptions

- 5.2.1 A development permit is not required for the following Developments provided that the proposed development complies with the applicable regulations of this Bylaw, do not require a variance, or is exempted by Territorial or Federal regulations:
 - a. the completion and/or use of a building which is lawfully under construction at the date of approval of this Bylaw;
 - b. the carrying out of works involving maintenance, repair, or interior renovations to any building, if such works do not:
 - i. alter the use or intensity of the use;
 - ii. increase the number of dwelling units;
 - iii. increase any dimensions of the original building or structure; and,
 - iv. do not include structural alterations.

- c. landscaping, provided that such work does not alter the existing grade or natural surface drainage patterns;
- d. construction or placement of construction trailers or temporary buildings, works, plant or machinery associated with construction operations for which a development permit which has been issued, for the period of those operations;

 - i. Traditional and Cultural Activities;
 - ii. Teepees and tents;
 - iii. Firepits;
 - iv. Fish smokehouses; and,
 - v. Crosses and memorials.

5.3 Validity of Permits

- 5.3.1 When an application for a development permit has been approved by the Development Authority, the development permit shall not be valid unless and until any conditions of approval, other than those of a continuing nature, have been fulfilled.
- 5.3.2 No change in plans, use of site, or methods of construction shall be undertaken unless, and until, such change is approved in writing by the Development Officer.

5.4 Expiry of Permits

- 5.4.1 A development permit shall become void if the development has not commenced or been discontinued for a period of 365 days or has not been actively carried on for a period of 730 days.
- 5.4.2 A development, once begun, shall not be abandoned, or left for an extended period of time in what the Development Authority considers to be an unsightly or unsafe condition.
- 5.4.3 When a development permit becomes void, a new development permit application is required before a new development may proceed. In reviewing the development permit the Development Authority shall treat the application as if it were the first application and there shall be no obligation to approve such application.

5.5 Resubmission Interval

- 5.5.1 When an application is refused by the Development Authority or the Development Appeal Board, another application on the same site for the same use, shall not be accepted by the Development Authority for at least 180 days after the date of the previous refusal.

5.6 Non-Conforming Buildings and Uses

- 5.6.1 The Development Authority may permit a development in any zone on a lot which is substandard with respect to width, depth, or area, provided that:
 - a. such lot was legally registered and existing at the date of commencement of this Bylaw; and,
 - b. that the development is otherwise in accordance with the regulatory requirements of the zone.
- 5.6.2 When, at the time this Bylaw is adopted, a non-conforming use exists, the non-conforming use of land or building may be continued but if that use is discontinued for a period of 180 days or more, any future use of the land or building shall conform with the provisions of the Zoning Bylaw then in effect.
- 5.6.3 A non-conforming use of part of a lot shall not be extended or transferred in whole or in part to any other part of the lot, and no additional buildings shall be erected upon the lot while the non-conforming use continues.
- 5.6.4 A non-conforming use of part of a building may be extended throughout the building but the building shall not be enlarged or added to, and no structural alterations shall be made to it except:
 - a. to make it a conforming building; or,
 - b. for the routine maintenance of the building.

- 5.6.5 If a non-conforming building is damaged or destroyed such that more than 75.0% of the most recently assessed value of the building above its foundation is affected, the building shall not be repaired or rebuilt except in accordance with the Zoning Bylaw.
- 5.6.6 If there is change in ownership, tenancy or occupancy of lands or a building deemed to be non-conforming its status will not be changed.

5.7 Similar Uses

- 5.7.1 In situations where an application for development does not align with any of the uses described in this Bylaw, Council may determine that the use is similar to another use defined in this Bylaw.
- 5.7.2 Similar uses shall only be allowed in a zone where the proposed use is similar to the listed permitted or discretionary use in that zone.
- 5.7.3 Similar uses shall be subject to the same regulations as the use that they are similar to.

5.8 Application Requirements

- 5.8.1 An application for a development permit may only be made by a person with a legal, equitable estate, or interest in the property sought to be developed by a person duly authorized.
- 5.8.2 Where the applicant is other than the owner, the owner's written consent must be submitted with the application.
- 5.8.3 An application for development permit shall be made by submitting a completed application form to the Development Officer.
- 5.8.4 Every application for a development permit shall include:
- a. a completed application form;
 - b. a statement of ownership of land and interest of the application; and,
 - c. an application fee as determined in the Consolidated Rates and Fees Bylaw as amended.
- 5.8.5 At the discretion of the Development Authority, an application for a development permit may also require:
- a. a recent copy of the Certificate of Title (within 30 days of the application submission date) indicating ownership and other interests;
 - b. current copies (within 30 days of the application submission date) of any restrictive covenants, caveats, or easements;
 - c. a detailed statement of the proposed use(s) for the property and buildings in question;

- d. a site plan showing the:
 - i. legal description of the lot
 - ii. the existing or proposed property lines and dimensions
 - iii. setbacks and dimensions for front, rear and side yards
 - iv. locations and dimensions of all existing buildings, structures or uses on the lot;
 - v. any provisions for off-street loading and vehicle parking;
 - i. access and exit points to the site;
 - ii. provision for landscaping and drainage; and,
 - iii. any other site features requested by the Development Authority.
- b. building floor plans including:
 - i. proposed uses;
 - ii. total gross floor area; and,
 - iii. building dimensions.
- c. elevation drawings;
- d. photographs of the site;
- e. any other drawings that describe the development;
- f. the estimated commencement and completion dates; and
- g. the estimated cost of the project.

5.8.6 The Development Officer may require additional information to review and properly evaluate a proposed development including but not limited to:

- a. copies of any provincial, federal approvals, licenses, or permits;
- b. environmental impact assessment;
- c. fire safety plan;
- d. grading plan;
- e. lighting plan;
- f. parking study;
- g. plot plan;
- h. remediation plan;
- i. risk assessment;
- j. site servicing plan;
- k. traffic impact assessment; or,
- l. any other information deemed necessary by the Development Authority.

5.8.7 Where the development of land involves a subdivision survey and mapping of land, written evidence that the subdivision has been approved in accordance with the *Act* shall be required as part of an application for a development permit.

5.9 Referrals

- 5.9.1 Prior to issuing a decision, the Development Authority may circulate a development permit application to any Town department, territorial, federal department or any other agency or body.
- 5.9.2 The Development Authority shall give consideration to any recommendations or comments received by referral agencies.
- 5.9.3 Any proposed development that may have an effect on airport or aerodrome operations shall be referred to the specific Airport Commission or Authority, Transport Canada, and NavCanada.
- 5.9.4 Any proposed development that may interfere with or is proposed in proximity with archeological sites shall be referred to the Prince of Wales Northern Heritage Centre.
- 5.9.5 Development within the Dempster Highway right-of-way is subject to approval from the GNWT Department of Transportation.
- 5.9.6 Vehicular road access to and from the Dempster Highway is subject to the approval of the GNWT Department of Transportation.

5.10 Variance Powers

- 5.10.1 A variance shall only be considered by the Development Authority in cases of unnecessary hardship or practical difficulties unique to the use, character, or situation of land or a building, which are not generally common to other land in the same zone.
- 5.10.2 The Development Authority may approve an application for a development permit where the proposed development does not comply with the provisions of this Bylaw if, in the opinion of the Development Authority:
 - a. the variance is minor;
 - b. denial of the application would cause the applicant unnecessary hardship unique to the use or site; and,
 - c. the variance does not exceed the variance powers of the Development Authority.
- 5.10.3 In considering a variance, the Development Authority shall consider:
 - a. the impact of the variance on municipal infrastructure;
 - b. the impact of the variance on adjacent properties;
 - c. the impact of the variance in the neighbourhood;
 - d. the general purpose of the appropriate zone; and,
 - e. the policies of the Community Plan.

- 5.10.4 In considering a development permit application, the Development Officer's variance powers shall be limited where the variance is requested for:

Projection	Development Officer Variance Powers
a) Minimum front yard setback	10% in all Zones
b) Minimum side yard setback	25% in Zone R1 and R2 10% in all other Zones
c) Minimum rear yard setback	25% in Zone R1 and R2 10% in all other Zones
d) Fence height	0.1m in front yards 0.2 m in side and rear yards

- 5.10.5 Any variance greater than the allowances identified in **Subsection 5.10.4** above, shall only be granted by Council.
- 5.10.6 Where a side or rear yard variance is requested adjacent to the utilidor, the Development Authority shall circulate the application to the Town of Inuvik Fire Chief and Manager of Public Works for input prior to a decision.

5.11 Conditions

- 5.11.1 The Development Authority may impose, with respect to a permitted use, such conditions as are required to ensure complete compliance with this Bylaw.
- 5.11.2 The Development Authority shall, with respect to a discretionary use, impose such conditions as deemed appropriate to ensure complete compliance with the regulations of this Bylaw and the provisions of the Community Plan.
- 5.11.3 A condition for a Discretionary Use may impose a time limit on the development or use.
- 5.11.4 The Development Authority may, as a condition of issuing a development permit, require the applicant to:
- make satisfactory arrangements for the supply of water, electric power, sewer service, vehicular and pedestrian access, or any of them, including payment of the costs of installation or constructing any such utility or facility by the applicant;
 - provide evidence that an acceptable Fire Safety Plan has been submitted to the Office of the Fire Marshal, and to provide a copy of the Fire Safety Plan;
 - provide evidence of site investigations by a qualified professional engineer to determine the suitability of the site for the intended development;

- d. provide evidence that a building including its foundations will be designed in accordance with the National Building Code of Canada;
- e. provide a traffic study completed by a qualified professional;
- f. provide an environmental assessment completed by a qualified professional to identify risks and mitigation measures relevant to the proposed development;
- g. provide evidence of compliance with any other relevant federal, territorial, or municipal legislation; or,
- h. enter into an agreement or an interim agreement (which shall be attached to and form part of such development permit) to do any or all of the following:
 - i. prior to occupancy provide proof that inspections have been carried out and the development found to be ready for occupancy by authorities or utility providers;
 - ii. construct, or pay for the construction of, a public roadway required to give access to the development;
 - iii. construct, or pay for the construction of, a pedestrian walkway;
 - iv. specify the location and number of vehicular and pedestrian access points to sites from public roadways;
 - v. install, or pay for the installation of, utilities that are necessary to serve the development;
 - vi. construct, or pay for the construction of, off-street or other parking facilities, or loading and unloading facilities;
 - vii. repair or reinstate, or to pay for the repair or reinstatement to original condition, any infrastructure, street furniture, curbing, sidewalk, boulevard landscaping and tree planting which may be damaged, destroyed, or otherwise harmed by development or building operations upon the site; or,
 - viii. register a caveat against the title any agreement entered into.

5.12 Development Agreements

5.12.1 As a condition of development permit approval, the Development Authority may require that the applicant enter into a Development Agreement with the Town, which, in addition to other matters, may require the applicant:

- a. To construct or pay for the construction of any or all of:
 - i. a road required to give access to the Development,
 - ii. a pedestrian walkway system to serve the Development or to give access to an adjacent Development,
 - iii. required water, sewer, and power supply,
 - iv. bear-proof waste bins;
 - v. required off-street parking and loading facilities,
 - vi. required landscaping of the site and any adjoining Site, or,

- vii. required Municipal Services easements to the Site;
 - b. To repair or reinstate, to original condition, any street furniture, curbing, sidewalk, boulevard, landscaping, or trees which may be damaged, destroyed or otherwise harmed by Development or building operations on a Lot;
 - c. To provide an irrevocable letter of credit, or other form of security acceptable to the Development Officer, with a clause specifying automatic term renewal or other form of security acceptable to the Development Officer, to guarantee performance of the conditions of a development permit or Development Agreement; and,
 - d. To enter into an agreement requiring subdivision or consolidation of lots.
- 5.12.2 To ensure compliance with a Development Agreement, the Town may register a caveat against the lot being developed, which shall be discharged upon the terms of the agreement being met.

5.13 Decisions of Development Permit

- 5.13.1 The Development Authority must make a decision on an application for a development permit within 40 days of the official receipt of the application.
- 5.13.2 The applicant may request confirmation in writing from the Development Officer that their application has been received.
- 5.13.3 The Development Authority, and applicant, through an agreement verally or in writing, may extend the timeframe to issue a decision on a development permit. This would normally occur in situations where additional information is found to be required, as per Section 5.8; or where a variance needs to be approved, as per Section 5.9; or where referrals to an outside agency are awaiting a response, as per section 5.10; negotiations for a Development Agreement are underway, as per Section 5.12.
- 5.13.4 An application is deemed to be refused if a decision of the Development Authority has not been made within forty days of the official final receipt of the application and no extension has been agreed to.
- 5.13.5 A development permit does not come into effect until 15 days after the date of decision is publicized. Any development proceeded with prior to the expiry of this period is done solely at the risk of the applicant.

Permitted Use

- 5.13.6 The Development Authority must approve a development permit application for a permitted use that conforms to the provisions of this Bylaw, with or without conditions as provided for in this Bylaw.
- 5.13.7 If a development permit application for a permitted use does not conform to all provisions of this Bylaw, the Development Authority may:

- a. grant a variance to approve the application, with or without conditions;
or,
 - b. refuse the application stating reasons.
-

Town of Inuvik Zoning Bylaw

Development Process

Discretionary Use

- 5.13.8 In issuing a decision for a development permit for a discretionary use, with or without a variance, Council as the Development Authority may:
- a. approve the application, with or without conditions; or,
 - b. refuse the application stating reasons.

5.14 Notification of Development Permit

- 5.14.1 When a development permit has been approved, the Development Officer shall, as soon as possible:
- a. post a notice of decision on the lot for which the application has been made; and,
 - b. post a notice of the decision in the municipal office, and any other public location the Development Officer deems necessary.

5.15 Suspending or Revoking a Development Permit

- 5.15.1 The Development Authority may cancel, suspend, or modify an approved development permit by written notice to the holder of the development permit when:
- a. the development application contained a misrepresentation;
 - b. facts concerning the development permit application, or the development were not disclosed at the time the application was considered;
 - c. the development permit was issued in error; or,
 - d. the owner requests cancellation of the development permit in writing.
- 5.15.2 Written notice stating that the development permit has been canceled, suspended, or modified shall be sent by registered mail to the owner and/or occupant of the property affected, and to any contractor engaged in development.
- 5.15.3 Written notice shall state:
- a. the grounds for the cancelation, suspension, or modification;
 - b. the conditions that must be met for a suspended development permit to be reinstated, including appeal.

5.16 Amending a Development Permit

- 5.16.1 Where an amendment to an approved development permit is required as a result of a change in the proposed development, the person whose name the development permit was issued may request an amendment to the approved development permit.
- 5.16.2 At the discretion of the Development Authority, applications for amendments to approved development permits may require updated or new submissions.
- 5.16.3 In considering proposed amendments to an approved development permit, the Development Authority shall consider:
 - a. if the application complies with this Bylaw; and,
 - b. if the amendment is directly related to the uses and conditions of the effective development permit.
- 5.16.4 Any changes to an approved development permit that require a new variance or a change in use require a new development permit application.

5.17 Appeal of Development Permit

- 5.17.1 A person claiming to be affected by a decision of the Development Authority made under this Bylaw may appeal to the Development Appeal Board by serving written notice of appeal within:
 - a. 14 days after the applicant has received notice of decision or posted at the Municipal Office; or,
 - b. a further time, not exceeding an additional 46 calendar days, that the Chairperson of the Development Appeal Board considers appropriate for “just cause”.

PART SIX: General Provisions

6.1 Grade, Soils and Drainage

- 6.1.1 Lot grades shall be established with a minimum 2.0% gradient, to the satisfaction of the Development Authority.
- 6.1.2 All lot drainage shall meet the satisfaction of the Development Authority.
- 6.1.3 No development shall be permitted unless the surface and subsoil of the land allows for proper drainage and the stability of the buildings and structures to be built can be assured, to the satisfaction of the Development Authority.

6.2 Lot Servicing

- 6.2.1 All new development permit applications must demonstrate, to the satisfaction of the Development Authority, adequate:
 - a. water supply and distribution;
 - b. electricity connections and services;
 - c. sanitary sewer collection and disposal;
 - d. street access; and,
 - e. any other services and facilities, including the payment of costs for installing any such service or facility.

6.3 Moving Buildings (Relocation)

- 6.3.1 A development permit shall be required for moving (relocating) buildings.
- 6.3.2 No person shall move a building or structure including manufactured dwelling larger than 14.00 m² (150.70 sq ft) within, into or out of the municipality without an approved development permit.
- 6.3.3 The Development Authority may refuse to issue a permit for the moving of a building or structure if the building or structure would fail to conform to the requirements of the zone in which it is proposed the building or structure is to be moved.
- 6.3.4 The Development Authority may refuse to issue a permit for the moving of a building or structure if the building or structure is in a decrepit or significantly unsightly condition, or issue a condition that the building must be renovated to a certain standard by a certain date.
- 6.3.5 The Development Authority may, as a condition of a development permit, require certain renovations and alterations so that the building will conform with the requirements of the Zoning Bylaw or other bylaws, the National Building Code of Canada, and any other territorial or federal legislation.

- 6.3.6 The Development Authority may require the applicant or owner to provide a security to ensure that the move be completed within a time period specified as a condition of approval.

6.4 Projections

- 6.4.1 No portion of a building shall project onto, over, or into any required yard setback except in accordance with the following:

Projection	Front Yard Setback	Side Yard Setback	Rear Yard Setback
a. Decks, patios, eaves, shade projections, stairs and landings, chimneys, and sills	0.61 meters (2.0 feet)	0.46 meters (1.5 feet)	0.46 meters (1.5 feet)
b. Bay or oriel windows	0.61 meters (2.0 feet)	0.61 meters (2.0 feet)	0.61 meters (2.0 feet)
c. Balconies	1.88 meters (6.2 feet)	0.61 meters (2.0 feet)	1.88 meters (6.2 feet)

- 6.4.2 Notwithstanding **Subsection 6.4.1**, no projections of any kind are permitted within 3.00 m (9.84 ft) of the centerline of the utilidor, in accordance with the Town of Inuvik Water and Sewer Administration Management and Operations Bylaw.

6.5 Setbacks

General Setback Regulations

- 6.5.1 In accordance with the Town of Inuvik Water and Sewer Administration, Management and Operations Bylaw, all buildings and structures shall be setback 3.00 m (9.84 ft) from the centerline of the utilidor.

Setbacks From Power Transmission Lines

- 6.5.2 All buildings, signs, bridges, light standards, antennas, or other structures shall be setback from overhead power transmission lines in accordance with the following:

Overhead Equipment or Conductor	Separation Distance	
	Horizontal	Vertical
a. 0-750 V Insulation	300 mm	300 mm
b. Greater than 750 V Insulation	1.0 m	3.0 m
c. 0-22 KV (bare, exposed, or non-rated insulation)	3.0 m	5.0 m
d. Greater than 22 KV (bare, exposed, or non-rated insulation)	3.0 m plus 10 mm per KV in excess of 22 KV	5.0 m plus 10 mm per KV in excess of 22 KV

Setbacks from Bodies of Water and Shorelines

- 6.5.3 Permanent buildings and development, other than marinas, public access, marine transportation facility, and public utilities, shall be set back a minimum of 30.0 m (98.43 ft) from the bank of the Mackenzie River. For all other waterbodies, the setback shall be at least 5.0 meters, but the Town of Inuvik may require up to 15.0m with cause.

Setbacks from Pipelines

- 6.5.4 No dwelling unit or other habitable building shall be located within 15.5 m (50.85 ft) of the centerline of a pipeline carrying highly pressurized gas or volatile liquid, or pipeline right of way, whichever is closest.

Setbacks from Archaeological Sites

- 6.5.5 The Development Authority may require permanent buildings and development be setback from archaeological sites.
- 6.5.6 The Development Authority shall establish a setback based on the proposed development and recommendations from the Prince of Wales Northern Heritage Centre.
- 6.5.7 If, upon after commencement of a permitted development, a heritage resource is discovered, work must cease immediately and the discovery be referred to the relevant territorial authority.

Corner Visibility Triangle

- 6.5.8 Fences, vegetation, buildings, signs, or structures shall not exceed a height of 1.00 m (3.28 ft) within the corner visibility triangle.
- 6.5.9 The corner visibility triangle shall be measured where two roads meet at a right angle to form a triangle with two equal sides 7.50 m (24.61 ft) in length.

**6.6 Protection from Explosive Hazards**

- 6.6.1 The location of a liquefied petroleum gas storage tank or container with a water capacity exceeding 9,100 litres (L) shall be setback 120.00 m (393.70 ft) from lots zoned residential, commercial, or institutional.
- 6.6.2 The location of liquefied petroleum gas storage tank or container with a water capacity of less than 9,100 L shall be located in accordance with Territorial Acts and Regulations.
- 6.6.3 The location of flammable substances storage tanks shall be located in accordance with Territorial Acts and Regulations.
- 6.6.4 The provision of certified true evidence of such approval and its provision shall be provided to the Development Officer as a condition of permit.

6.7 Fire Protection and Access to Fire Hydrants

- 6.7.1 Access to fire hydrants and the utilidor system must be maintained for direct public access.

- 6.7.2 Notwithstanding **Subsection 6.7.1**, alternative access and fire protection methods may be provided subject to the satisfaction of the Development Authority with input from the Town's Fire Chief.
- 6.7.3 All development shall comply with the requirements of the Water and Sewer Utility Administration, Management and Operations Bylaw.

6.8 Airport Vicinity Protection

- 6.8.1 The Development Authority shall require any development permit application that may have an effect on airport operations be referred to the Airport Commission or Authority, Transport Canada and NavCanada in accordance with **Section 5.9**.
- 6.8.2 No development within the vicinity of the airport or aerodrome shall be allowed that conflicts with airport or aerodrome safety, including:
- a. uses that generate smoke, ash, or steam;
 - b. building or structure height;
 - c. electronic interference with aviation communication and guidance equipment; or,
 - d. any other element that conflicts with airport or aerodrome safety;
- to the satisfaction of the Development Authority.
- 6.8.3 Any development within the vicinity of the airport shall be subject to the policies, regulations and standards established by the Department of Transportation, Arctic Airports Division, Government of the Northwest Territories and the Inuvik Airport Zoning Regulations pursuant to Section 6 of the *Aeronautics Act*, and as may be amended.

6.9 Mixed Use Buildings

- 6.9.1 A mixed-use building may be occupied by a combination of 1 or more uses listed in a zone, at the discretion of the Development Authority.
- 6.9.2 Each use within a mixed-use building shall be considered a separate use.
- 6.9.3 Dwelling units in a mixed-use building will typically be located above or behind the non-residential use(s).
- 6.9.4 Each individual dwelling unit in a mixed-use building shall have an entrance separate from the non-residential use(s) with each dwelling unit having indirect (such as via a hallway) or direct access.
- 6.9.5 Notwithstanding **Subsection 6.9.4**, mixed-use buildings that consist of hotels or motels and dwelling units may have dwelling units located on a separate floor from the hotel or motel use with access from a private or public elevator or stairwell.

6.10 Screening

- 6.10.1 A non-residential parcel that shares a boundary line with a residential parcel shall provide screening, to the satisfaction of the Development Authority.
- 6.10.2 Screening requirements may be met through:
- a. fencing;
 - b. berms;
 - c. landscaping; or,
 - d. a combination thereof;
- to the satisfaction of the Development Authority.
- 6.10.3 All outdoor storage areas shall be screened to the satisfaction of the Development Authority.

6.11 Parking and Loading

General Parking Requirements

- 6.11.1 Adequate access to, and egress from, individual parking spaces is to be provided at all times by means of unobstructed maneuvering aisles and emergency access to the satisfaction of the Development Authority.
- 6.11.2 All parking and loading areas shall be in a location acceptable to the Development Authority.
- 6.11.3 All parking and loading areas shall be wholly provided for on the same lot as the building to be served unless otherwise approved by the Development Authority.
- 6.11.4 All parking and loading areas shall:
- a. be graded;
 - b. be adequately lit;
 - c. minimize disruption to the continuity of the pedestrian system of sidewalks and on-site pedestrian spaces; and,
 - d. include curb cuts;
- to the satisfaction of the Development Authority
- 6.11.5 Parking areas for non-residential uses that share a boundary line with a residential parcel shall be screened to the satisfaction of the Development Authority.

6.11.6 Parking stalls and parking areas shall comply with the following minimum dimensions:

Stall Width (a)	Parking Angle (b)	Depth of Space Perpendicular to Maneuvering Aisle (c)	Width of Space Parallel to Maneuvering Aisle (d)	Width of Maneuvering Aisle (e)
2.7 m	0°	2.7 m	7.0 m	3.6 m
2.6 m	45°	5.2 m	3.7 m	3.6 m
2.6 m	60°	5.6 m	3.0 m	5.5 m
2.6 m	90°	5.5 m	2.6 m	7.0 m

6.11.7 Notwithstanding **Subsection 6.11.6**, if a parking stall is adjacent to a permanent structure including but not limited to buildings or pillars, the parking stall shall have a minimum width of 3.00 m (9.84 feet).

- 6.11.8 The number of on-site parking stalls required for residential uses shall conform to the following minimum requirements, unless otherwise stated in this Bylaw:

Use	Minimum Number of Parking Stalls Required
a. Single-Detached Dwelling	Two parking stalls per dwelling unit
b. Duplex Dwelling	Two parking stalls per dwelling unit
c. Secondary Suite	One (in addition to the parking stalls required for the single-detached dwelling)
d. Bed and Breakfast	One per rented guest room
e. Home Occupation	At the discretion of the Development Authority
f. All other Uses	At the discretion of the Development Authority

- 6.11.9 Where a development includes more than one type of use, the required number of spaces shall be the sum of the requirements for each of the uses.
- 6.11.10 Where a building is enlarged, altered or its use is intensified, additional parking may be required at the discretion of the Development Authority.

Barrier-free Parking

- 6.11.11 Barrier-free parking spaces shall be provided in accordance with the requirements of the National Building Code of Canada.
- 6.11.12 Barrier-free spaces should be located in close proximity to the building entrances.
- 6.11.13 Barrier-free parking spaces shall comply with the following minimum dimensions:
- 4.00 m (13.12 ft) in width.
 - All other dimensions shall comply with the requirements of **Subsection 6.11.6.**

Loading Requirements

- 6.11.14 To provide adequate space for loading and unloading, loading stalls shall comply with the following minimum dimensions:
- 3.00 m (9.84 feet) in width;
 - 7.50 m (24.60 feet) in length; and,
 - 4.30 m (14.11 feet) of height clearance.

- 6.11.15 Loading stalls shall be designed so that the loading stalls:
- can be properly maintained;
 - have vehicular access to, and exit from, a street or lane either directly or by a clearly defined traffic aisle; and,
 - do not obstruct the street or sidewalk;
- to the satisfaction of the Development Authority.
- 6.11.16 The number of on-site loading spaces required shall conform to the following requirements, unless otherwise stated in this Bylaw:

Minimum Number of Loading Stalls Required

a. All Uses	One loading space for each loading door
b. Each building containing 15 or more dwelling units	One loading space

- 6.11.17 Notwithstanding **Subsection 6.11.16**, additional loading stalls may be required at the discretion of the Development Authority.

Queuing Lanes and Spaces

- 6.11.18 Queuing Lanes shall only be considered in the Highway Commercial Zone.
- 6.11.19 Queuing lanes shall be designed to allow adequate access and for the safe and orderly operation of motor vehicles to the satisfaction of the Development Authority.
- 6.11.20 Queuing spaces must not interfere with pedestrian crossings, vehicle parking, or access to a site.
- 6.11.21 Queuing spaces shall comply with the following minimum dimensions:
- 3.00 m (9.84 feet) in width; and,
 - 6.40 m (30.0 feet) in length.
- 6.11.22 Queueing lanes that share a boundary with a residential parcel shall be screened to the satisfaction of the Development Authority.

6.12 Waste

- 6.12.1 All developments shall provide containers for the purpose of depositing waste, debris, and recyclable materials to the satisfaction of the Development Authority.
- 6.12.2 Areas storing waste and recycling containers shall be screened from public view to the satisfaction of the Development Authority.

- 6.12.3 In accordance with Section 5.12, the Development Authority may require as a condition of development permit approval that the applicant enter into a Development Agreement with the Town to pay for any necessary bear-proof waste bins.

6.13 Water Usage and Protection

- 6.13.1 Development permit applications for the following uses shall describe anticipated water needs and water source:
- a. agriculture;
 - b. brewery and distillery;
 - c. cannabis production and manufacturing facility;
 - d. carwash;
 - e. greenhouse; and,
 - f. any other uses at the discretion of the Development Authority.
- 6.13.2 The Development Authority shall only approve applications described in **Subsection 6.13.1** that provide acceptable water to the use to the satisfaction of the Development Authority.
- 6.13.3 Where there is a potential for air or water pollution resulting from a particular use, the application for a development permit may be referred by the Development Authority to the appropriate Government Agency for study and recommendation. The Development Authority shall give due regard to recommendations in dealing with the application.
- 6.13.4 No development which might endanger or impair the quality of water, including within watershed reserves, shall be allowed unless adequate protections are proposed, to the satisfaction of the Development Authority.
- 6.13.5 All development shall comply with the setback requirements from bodies of water described in **Section 6.5.3**.

PART SEVEN: Specific Use Regulations

7.1 Accessory Buildings or Structures

- 7.1.1 Where any building or structure on a site is attached to a principal building in any way, it shall be deemed to be part of the principal building and not a separate accessory building or structure.
- 7.1.2 Accessory buildings or structures are subject to the same yard setback requirements required for a principal building in that zone.
- 7.1.3 No accessory building shall be used for human habitation unless granted approval through a development permit for a secondary suite.
- 7.1.4 Accessory buildings shall be located a minimum of 3.00 m (9.84 feet) from the principal building or another accessory building on the same parcel.
- 7.1.5 Sea containers kept on a lot more than 30 calendar days shall be considered an accessory building and require a development permit. These shall be installed in a sightly manner.

7.2 Fences

- 7.2.1 Fence height shall be measured from grade.
- 7.2.2 Fence height for all parcels, including corner parcels, shall not exceed:
 - a. 1.00 m (3.28 ft) in front yards; and,
 - b. 2.00 m (6.56 ft) in side and rear yards.
- 7.2.3 On corner lots, fence height shall comply with the regulations of **Subsections 6.5.5 and 6.5.6**.
- 7.2.4 In accordance with the Town of Inuvik Water and Sewer Administration, Management and Operations Bylaw, fences shall not obstruct access to the Town of Inuvik fire hydrants or utilidor.

7.3 Carwash

- 7.3.1 Development permit applications for carwashes shall describe anticipated water needs and water source.
- 7.3.2 Water or wastewater shall not be allowed to drain off the site.
- 7.3.3 Water or wastewater associated with the use shall be retained and disposed of in a manner satisfactory to the Development Authority.
- 7.3.4 The Development Authority shall only approve applications for carwashes that provide and dispose of water to their satisfaction.

7.4 Motel and Hotel

- 7.4.1 In situations where the Motel or Hotel is located in multiple buildings, a minimum of 3.70 m (12.14 ft) of separation shall be provided between each unit and any other building on the site.
- 7.4.2 Dwelling units located within motels and hotels shall be considered a mixed-use building and comply with the requirements of **Section 6.9**.

7.5 Multiple Dwelling Developments

- 7.5.1 For all residential developments containing three or more dwelling units, the following must be provided to the satisfaction of the Development Authority:
- a. access for fire department vehicles and other emergency vehicles;
 - b. pedestrian access within the site and joining to public sidewalks;
 - c. an enclosed waste storage area; and,
 - d. indoor, outdoor or a combination of indoor and outdoor amenity space calculated at a minimum of 5.0 m² (53.8 sq ft) per dwelling unit.
- 7.5.2 All costs associated with the development of the outdoor recreation space shall be the responsibility of the developer.

7.6 Manufactured Dwellings

- 7.6.1 Manufactured dwellings shall be placed on permanent foundations and footings that comply with the requirements of the National Building Code of Canada.
- 7.6.2 Manufactured dwellings shall have a foundation or skirting that allows adequate ventilation to maintain permafrost, and matches the exterior appearance of the manufactured dwelling to the satisfaction of the Development Authority.
- 7.6.3 Additions to a manufactured dwelling shall require a foundation or skirting equivalent to that of the existing manufactured dwelling.
- 7.6.4 As a condition of development permit approval, the Development Authority may require that the hitch and wheels of any manufactured dwelling be removed within 60 days of the placement of the manufactured dwelling.
- 7.6.5 Permanent additions such as patios, porches, garages, or other structural additions:
- a. are considered to be part of the manufactured dwelling and require a development permit prior to construction;
 - b. may not exceed 50 percent of the manufactured dwelling unit area, or 50 percent of the lot area.

7.7 Daycares

- 7.7.1 All daycares shall:
- a. conform to the *GNWT Child Day Care Act* and Child Day Care Standards and Regulations or as amended,
 - b. not be the principal use of a building within a residential zone; and,
 - c. provide screening;
- to the satisfaction of the Development Authority.

7.8 Assisted Living Facility

- 7.8.1 The maximum number of units within an assisted living facility shall be established by the Development Authority and shall be based upon the nature of the facility.

7.9 Caretaker Units

- 7.9.1 Caretaker units shall be designed as one dwelling unit either stand-alone or incorporated within a building utilized by the principal use.
- 7.9.2 Caretaker units shall have a separate access from the principal use.
- 7.9.3 Only one caretaker unit shall be permitted per parcel.
- 7.9.4 Occupancy of the caretaker unit shall be conditional to the active commercial or industrial principal use on the parcel.

7.10 Home Occupations

- 7.10.1 A home occupation shall be accessory to the principal residential use.
- 7.10.2 A home occupation may be located in a dwelling unit or accessory building, including a detached garage.
- 7.10.3 A home occupation must be operated and occupied by a resident of the dwelling unit.
- 7.10.4 A home occupation shall not:
- a. create excessive noise;
 - b. interfere with radio or television reception to adjacent properties;
 - c. have outdoor storage;
 - d. generate pedestrian traffic, vehicular traffic, or parking in excess of that which is characteristic of the zone within which it is located;
 - e. exceed three employees; and,
 - f. exceed six customers at any one time.

- 7.10.5 Motor vehicles and trailers associated with a home occupation may be stored on outdoor parking spaces.
- 7.10.6 Signage associated with a home occupation shall not exceed an area of 0.30 m² (3.23 sq ft).
- 7.10.7 Home occupations shall be required to obtain a business license in accordance with the Town of Inuvik Business Licence Bylaw.

7.11 Bed and Breakfast

- 7.11.1 A bed and breakfast shall:
 - a. be accessory to the principal residential use;
 - b. be operated and occupied by a resident of the dwelling unit;
 - c. only be allowed in a single-detached dwelling; and,
 - d. be limited to a maximum of four rental guest rooms.
- 7.11.2 A bed and breakfast may have one non-resident employee working onsite.
- 7.11.3 Cooking facilities in a bed and breakfast are not allowed in rented guest rooms.
- 7.11.4 The Development Authority may refer development permit applications to the Town of Inuvik Fire Department.

7.12 Scrap Yards

- 7.12.1 Scrap yards shall not be allowed within 30.00 m (98.43 ft) of naturally occurring seasonal or permanent sources of water including but not limited to lakes, rivers, streams, ponds, and creeks.
- 7.12.2 Scrap yards shall be setback from residential parcels by 400.0 m (1,312.34 ft).
- 7.12.3 Scrap yards shall be screened to the satisfaction of the Development Authority.
- 7.12.4 Scrap yards may include secure access gates.

7.13 Secondary Suite

- 7.13.1 One secondary suite is allowed per parcel.
- 7.13.2 Secondary suites shall only be allowed on parcels for single-detached dwellings.
- 7.13.3 A secondary suite located within a principal dwelling shall not exceed a maximum of 50.00% of the gross floor area of the principal building.

- 7.13.4 A secondary suite may be located within or above an accessory building.
- 7.13.5 A secondary suite located within an accessory building shall have:
- a. a permanent foundation or pilings that complies with the requirements of the National Building Code of Canada; and,
 - b. a foundation or skirting that allows adequate ventilation to maintain permafrost, and matches the exterior appearance of the principal building;
- to the satisfaction of the Development Authority.
- 7.13.6 A secondary suite located within an accessory building shall have a maximum.
- a. gross floor area of 100.00 m² (1,076.39 sq ft), and,
 - b. building height of 6.50 m (21.33 ft).
- 7.13.7 A secondary suite located within an accessory building should resemble the principal building in character and appearance through the use of similar materials, colors, and appearance.
- 7.13.8 Windows in a secondary suite within an accessory building should be designed and oriented to minimize overlook onto adjacent properties.

7.14 Cannabis Retail

- 7.14.1 If the territorial license for cannabis retail is revoked or the license expires, the development permit issued for the cannabis retail shall automatically terminate.

7.15 Cannabis Production and Manufacturing Facility

- 7.15.1 The applicant must provide, as a condition of a development permit for a cannabis production and manufacturing facility, a copy of the current license for all activities associated with cannabis production as issued by Health Canada.
- 7.15.2 A cannabis production and manufacturing facility shall not be located within 75.00 m (246.06 ft) of a residential zone, the Community Use Zone, or the Institutional zone, measured from the building containing the use closest to the nearest boundary line of a parcel within that zone.
- 7.15.3 A cannabis production and manufacturing facility must include equipment designed to remove odours from the air discharged from the facility as part of a ventilation system to the satisfaction of the Development Authority.

- 7.15.4 A cannabis production and manufacturing facility shall be developed and operated in a manner where all the operations are fully contained within the building including all loading stalls and docks, and waste containers and waste material.
- 7.15.5 Outdoor storage shall not be allowed for cannabis production and manufacturing facility.
- 7.15.6 If the federal license for a cannabis production and manufacturing facility is revoked or the license expires, the development permit issued for the cannabis production and manufacturing facility shall automatically terminate.
- 7.15.7 A Cannabis Production Facility shall either rely on its own power generation, or pay a power rate to the Town at least equal to the cost of producing said power.

7.16 Tiny Homes

- 7.16.1 A tiny home shall be placed on a permanent foundation as per the National Building Code.
- 7.16.2 A tiny home community should have units oriented to front the public street where possible. If it is unfeasible for a unit to front the street, building façade facing the street shall include a minimum of two of the following architectural features: a. primary building entrance; b. front decks; c. variation in façade depth so as to avoid the creation of large featureless walls; or d. variation in siding and trim material and/or colour.
- 7.16.3 A tiny home community shall have: a maximum lot coverage of 40%, a maximum building height of 10.0 m.
- 7.16.4 A minimum building separation of 6 m is required on at least two sides of each residential building. A minimum 2.5 m building separation is required on all other sides of each residential building

7.17 Special Care Facilities

- 7.17.1 A Special Care Residence or Facility shall comply with the following regulations:
 - a) the maximum number of residents shall be established by Council and shall be based upon the nature of the special care residence or special care facility and/or the nature of the zone in which it is located;
 - b) a special care residence or special care facility shall not generate pedestrian traffic, vehicular traffic, or parking in excess of that which is characteristic of the zone in which it is located; and

c) a special care residence or special care facility will be subject to all development regulations of that zone in which it is located.

- 7.17.2 Each application to develop a Special Care Residence or Facility shall be accompanied by a report of a Professional Planner or document approved by the Development Officer, indicating that a detailed planning analysis of the proposed development has been carried out.

7.18 Live-Work Suites

- 7.18.1 Live-work suites are permitted as a secondary use in designated residential and mixed-use zones, combining one dwelling unit with a low-impact commercial use (e.g., office, studio, small retail).
- 7.18.2 The commercial component shall not exceed 40% of the total floor area and must be subordinate to the residential use, with separate entrances for each.

7.19 Data Centres

- 7.19.1 Data centres must demonstrate the capacity to meet their power demands without compromising local utility service to surrounding uses.
- 7.19.2 Where district energy systems exist or are planned, integration with such systems is encouraged.
- 7.19.3 Cooling systems must not discharge heat, noise, or water vapour in a manner that negatively affects adjacent uses.

PART EIGHT: Zoning Regulations

8.1 Land Use Zones

- 8.1.1 Land Use Zones boundaries are shown on Appendix A – Land Use Map.
- 8.1.2 Land Use Zones boundaries that approximately follow a parcel boundary shall be deemed to follow that parcel boundary.
- 8.1.3 Where a Land Use Zone boundary cannot be reasonably determined, Council shall determine the exact location of the boundary.
- 8.1.4 The Land Use Map may be amended or replaced by Bylaw from time to time.
- 8.1.5 The purpose statement in each Land Use Zone states the intent of the zone.
- 8.1.6 The Development Authority shall not allow the use of land, or a building not listed as a permitted use or discretionary use in the zones in which it is situated unless it is established as a similar use, in accordance with **Section 5.7**.
- 8.1.7 The provisions that are outlined in **Section 6.0** and **Section 7.0** apply to all zones here within.

8.2 R1 – Low Density Residential

Purpose: To allow for low-density residential uses, parks and recreation, and other neighbourhood-scale uses for residents.
